www.gevorgmakaryan.com

Digital experience designer, with over 14 years of experience in product design, development, and tech team leadership. With working experience in multicultural, multilingual environments in different countries such as USA, Europe, and Armenia.

Professional Experience

Product Designer

April 2023 - Present **Soldo**

At Soldo, I focus on creating and maintaining the company's design system, ensuring its consistent application across products. I collaborate with designers to monitor usage, conduct research, and facilitate user testing sessions to optimize usability. Beyond the design system, I actively contribute to the feature design lifecycle, from ideation to implementation, delivering user-centered solutions that align with business goals.

Product Designer

February 2018 - April 2023 **Cloudchipr**

Led a design team of four, organizing daily syncs with design and PM teams. Participated in design tasks, facilitated user testing sessions, and guided designers in task understanding and feature design execution in Figma.

<https://cloudchipr.com> | Remote only

Product Designer and Developer

April 2020 - Present **MUI**

Designing and frontend-coding the user interfaces for MUI based coded templates and UI kits.
